

ODOR CONTROL

CRUSH IT

Molecular Odor Suppressant

CRUSH IT is a unique granular formula that destroys malodors in the air by attacking it at the source. It absorbs the odor and leaves a nice fragrance. A little goes a long way and provides instant results. Great for use in trash dumpsters, garbage bins and waste receptacles. To be used indoors and outdoors. Will not breakdown with liquids or water, but is biodegradable.

USE ON

- *Trash Cans*
- *Ash Trays*
- *Dumpsters*
- *Sewage Manholes*
- *Locker Rooms*
- *Dumpsters*
- *Sand Urns*

USE IN

- *Food Service*
- *Hospitals*
- *Health Care*

- *Athletic Clubs*
- *Restaurants*
- *Hotels/Motels*

USE FOR

- *Garbage Odors*
- *Sewage Odors*
- *Smoke*
- *Malodors*
- *Sweeping*
- *General Odor Control*

DIRECTIONS FOR USE

Crush it is a dry-like solid that is dispensed by pouring or shaking. Use it sparingly-A very little goes a long way!

General Use-For best results, sprinkle lightly into empty refuse and garbage receptacles. Add small amounts periodically or as refuse and waste are deposited. This will prevent obnoxious odors from ever getting started.

Cigarette Urns-Use full strength or mix with sand or any other base material. This will keep not only the urn clean smelling, but it will also act as a room deodorant as well.

Sweeping- Mix with dry sweeping compound. Sprinkle on floor and allow to stand a few minutes before sweeping. May also be used without mixing with sweeping compound in areas where treated dust mops are used.
