GUARD

Invisible Laminated Protectant

GUARD is an invisible coating that inhibits ultraviolet rays, extends the life of material, blocks out moisture, and beautifies the original luster and color. It provides a rock-hard, invisible, laminate finish that is long-lasting. Use Guard to protect against mars, adhesives, scuffs, and marking pens. Guard will also prevent most graffiti from penetrating into painted surfaces. pH 13-14

USE ON

- Tables
- Walls
- Plastics
- Plexiglas
- Vinyls
- Leather
- Rubber

USE IN

- Schools
- Hospitals
- Auto Dealers
- Country Clubs
- Athletic Clubs
- Restaurants
- Hotels/Motels

USE FOR

- Prevents
- Scuffs
 - Marks
 - Adhesives
 - Graffiti
 - Tagging
 - Pencil Marks

DIRECTIONS FOR USE

Thoroughly clean surface. Apply GUARD with a clean cloth or sponge (or spray). Spread evenly. Allow to penetrate and chemically bond for a few minutes. Then, remove excess for a beautiful shine. On some surfaces, a two-coat application provides best results. Apply as needed to maintain shine.
