

SPECIALTY

ICE BUSTER

Granular Snow & Ice Melter

ICE BUSTER is a blend of granular chemicals that work fast and last longer than most ice melting products. Contains an anti caking agent that prevents hardening in storage. The green color allows for uniform distribution and coverage of the product. It will not track or stain carpeting or floors.

USE ON

- Side Walks
- Stairs
- Driveways
- Parking Lots
- Roofs
- Roads
- Ramps

USE IN

- Schools
- Hospitals
- Churches
- Country Clubs
- Athletic Clubs
- Restaurants
- Hotels/Motels

USE FOR

- Snow
- Ice

DIRECTIONS FOR USE

Sprinkle on snow or ice using 3 to 6 ounces per square yard. Application at beginning of storm, makes removal much easier.

NOTE: Flaking or spalling may occur by using any ice melting agent on poor quality concrete. Ice melting agents should not be used on concrete less than 1 year old, chipped or cracked concrete, exposed aggregate, pre-cast concrete steps, and masonry steps or walks. Should you choose to apply this product on the above described surfaces, you do so at your own risk.
